

Siemens syngo® ImagingXS from Codonics

The Siemens syngo ImagingXS is a stand-alone viewer for DICOM images provided on DICOM exchange media. It can be used on any Windows PC (minimum configurations required). Its operating concept is based on the easy-to-use syngo philosophy, learn one – know all.

Codonics Virtua® Medical Disc Publisher is the new standard for speed, efficiency and ease of use in automatic disc recorders. Virtua allows you to include the industry's leading viewers while its brilliant, full color disc labels increase your brand awareness.

For PACS and general radiology*
